OUR STORY

Maker Faire is the Greatest Show (and Tell) on Earth. **An award winning, family-friendly event** celebrating technology, education, science, arts, crafts, engineering, food and sustainability, Maker Faire is the brainchild of Dale Dougherty and Sherry Huss who were inspired by an idea to bring Makers together. Soon after launching in 2006, both Dale and Sherry quickly realized the power of the Maker community when over 22,000 showed up for the very first Maker Faire. In 2016, we are proud to have grown to over **200+ Maker Faires around the world with an estimated attendance of 1.4 million.**

What started as an initial idea to bring Makers together has grown into a worldwide Maker Movement. In addition to Maker Faire, we publish maker books (88+ to date) and our website Makezine highlights projects and stories from our global community.

Through your support, we are able to make positive change in the lives of families and communities across the world.

SUPPORT MAKER FAIRE AND THE MAKER MOVEMENT!

HOW YOU CAN HELP
